

PRESS RELEASE FOR IMMEDIATE RELEASE

MAY 27, 2020

Anywhere Networks Announces Partnership with VST ECS (Thailand)

Anywhere Networks, a leading wireless mesh technology company, today announced a Distribution Partnership with **VST ECS (Thailand) Company Limited**, a value-added distributor of technology products and services. Through this collaboration and its strong distribution sales channel established across the Asia Pacific regions, VST ECS (Thailand) as our Authorised Distributor to market, install and support Anywhere's product and solutions in **Thailand, Cambodia, Laos and Myanmar**, help boost our Indochina presence by delivering our ultra-high capacity, reliable and scalable wireless network solutions to connect devices, applications and infrastructure for smart city connectivity.

"Today's new partnership with VST ECS is milestone to further strengthen our presence and market penetration in Thailand, Cambodia, Laos, and Myanmar. The power of this strong partnership accelerates our joint vision of bringing enterprise-grade wireless connectivity to these exciting markets."

said Daniel Elvin, VP Global Sales of Anywhere Networks

"As one of the leading IT distributors here in the region, we are able to bring our expertise and network to support Anywhere Networks portfolio of solutions. We are excited to be working with them here in Thailand and look forward to this partnership."

said Mr. Somsak Pejthaveeporndej, CEO of VST ECS (Thailand)
